### Snow Angels

#### Volunteer with the Snow Angels and make a difference in our community!

Regina faces its fair share of winter challenges with heavy snowfall and icy conditions, and its effects on the elderly and infirmed can be disastrous. In response, the Snow Angels Program has come to Whitmore Park and has emerged as a practical community initiative to help our more vulnerable members. This program connects volunteers with neighbors in need, especially those with mobility issues or health concerns aggravated by winter weather.

Regina's Snow Angels Program reflects the enduring Saskatchewan values of compassion and solidarity. As it gains momentum, as more residents join the cause, emphasizing the importance of looking out for one another, the program demonstrates that even during the harshest winters, the warmth of human compassion and empathy shines brightly.

In Regina, the Snow Angels Program has become synonymous with bringing warmth to the winter season. It symbolizes the power of community solidarity and serves as a reminder that simple acts of kindness, such as clearing snow, can create a safer, more inclusive, and caring community for all.
