Snow Angels

Regina is well known for rough winters. The snow, ice, cold, extension cords, mittens, toques, and everything else that goes along with it makes for some intense conditions. Some of our neighbours face a few extra burdens as they are having difficulty dealing with our winters. The Snow Angels Program is returning as a practical response to address some of these issues with our more vulnerable community members. This program connects volunteers with neighbours in need that have mobility or health concerns aggravated by winter weather.

This community-minded program reminds us that simple acts of kindness, such as clearing snow, can create a safer, more inclusive, and involved community for all.

This program is a City of Regina funded program. Please contact snowangels@whitmorepark.ca to register as a recipient or volunteer. Honourariums are available to volunteers. Dependable and reliable youth and adult volunteers appreciated, equipment will be provided.

Have a safe and fun winter season, everyone!

Outdoor Rink Supervision

We plan on opening the rink shack at the Grant Road outdoor rink again this year. Although, we need your help in order to do so. Opening the shack is made possible by volunteers like you. To get your name on some shifts at the rink, please reach out to outdoorrink@whitmorepark.ca. Honorariums will be available for those that volunteer at the rink, thanks to sponsorship from the City of Regina.

The season runs from about December to February and based on weather permitting conditions.

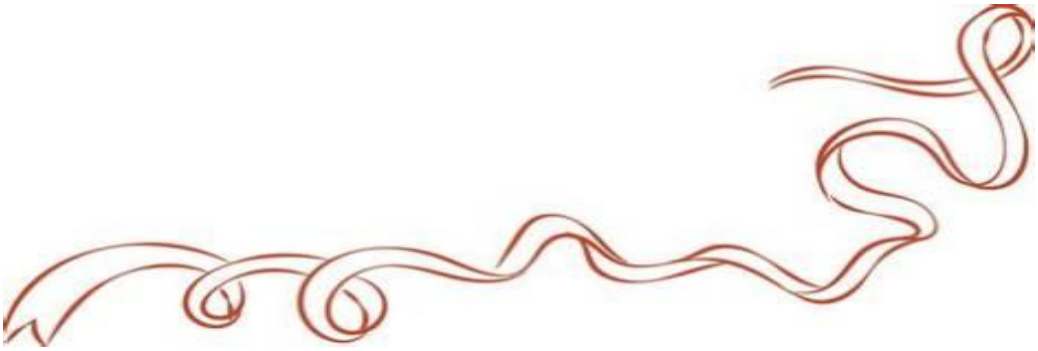
Thank you moment


Thank you to all of our volunteers across the community, whether that was helping to run our Plants and Pots Sale, coming out to our Community Clean-up Day, coaching t-ball and softball, running a program at any time of the year, assisting with our events, coming to meetings, advocating for our neighbourhood, and all the other awesome things that you do to make this place feel like home. We genuinely appreciate it!
